Features & Benefits

Feature

100% black polyamide knitted glove
 Black polyurethane coating on palm and fingertips

Benefit

COMFORT

The knitting technique helps to obtain a glove that conforms snugly to the hand, with good dexterity. The glove offers maximum comfort and added sturdiness. The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. The ventilated back and PU coating optimise the glove's breathability.

RESISTANCE

The polyamide and its polyurethane coating provide a good abrasion and tear resistance.
The PU coating ensures a good grip.

SAFETY

Non pilling, the polyester fiber is suitable for precision work. The gloves are certified as "silicone-free" to ensure their use in painting.

HYGIENE

Its dark colour makes it more soilproof, thus ensuring a longer life.
